HIGHER GROUND

Mountain top experience, higher ground, or spiritual high. Christians want to tell people about the positive experiences that happen to them when walking their journey to our final reward. The person you are describing your experience to might want to ask you the question, how did you get there?

Do you have the answer to this? Can you explain?

The appeal of being on top of a mountain for Christians is being closer to our Father. Perhaps, like Moses, we have a sense of being on holy ground. The need to take off our sandals and worship is powerful. It would be expected to associate higher ground with progression in our spiritual walk.

Men and women of Point and League Street congregations would revel in telling you about the Higher Ground Retreat that happens each fall and spring at Focus Pointe in Alba, Texas. You can share your story that might hinder you from making that progression you feel you want in your life. You are welcomed with open arms and embraced as a fellow brother or sister. We share our burdens, love, and support with each other or someone of your choosing. Confidences are kept. Prayers are prayed. Lessons learned by our sharing.

~JoAnn Hamil

I'm pressing on the upward way, New heights I'm gaining every day; Still praying as I'm upward bound, "Lord plant my feet on higher ground." My heart has no desire to stay where doubts arise and fears dismay; Though some may dwell where those abound, my prayer, my aim is higher ground. I want to live above the world, though Satan's darts at me are hurled; For faith has caught the joyful sound, the song of saints on higher ground.

I want to scale the utmost height and catch a gleam of glory bright; But still I'll pray till Heav'n I've found, "Lord plant my feet on higher ground." Lord, lead me up the mountainside, I dare not climb without my Guide; and, heaven gained, I'll gaze around, with grateful heart from higher ground. Lord, lift me up and let me stand, By faith on Heaven's tableland, a higher plane than I have found: Lord, plant my feet on higher ground.

~Johnson Oatman
